

**POLYX 2000 PRIZE
BEST PAPER ON
POLYNOMIAL METHODS**

General Conditions

- 1) The author(s) of the winning paper will be awarded EUR 500 and a Diploma.
- 2) The winner will be announced at the IFAC SSSC 2001 conference in Prague.
- 3) The papers published or accepted for publication in international technical journals or conference proceedings in the year 2000 will be considered that describe
 - new theoretical achievements in polynomial methods or
 - new algorithms for polynomials, polynomial matrices and/or polynomial equations or
 - industrial applications of polynomial methods in systems, control and signals.
- 4) The papers must be submitted to PolyX, Ltd., before the end of 2000.
- 5) The POLYNOMIAL TOOLBOX 2.0 or later must be used during the research or design and must be referred to in the paper. The author or his/her employer must own a valid 2000 license of POLYNOMIAL TOOLBOX 2.0 or later.
- 6) Depending on the number and quality of papers submitted, PolyX Ltd. reserves the right to award more papers or none.

SUBMISSION FORM

(Please fill in and submit to PolyX, Ltd. along with a copy of your paper)

I am submitting the enclosed paper entitled

Title	
Author	

that has been published in/presented at/accepted for

The paper contribution is in theory / algorithms / application (check what applies). When working on the paper, I used Polynomial Toolbox version, license number owned by
